Aims

The aims of the Ukrainian school First Aid Policy are:

- To ensure the health and safety of all staff, pupils, and visitors.
- To ensure that staff and governors are aware of their responsibilities with regards to health and safety.
- To provide a framework for responding to an incident and recording and reporting the outcomes.

2 Legislation and guidance

This policy is based on the Statutory Framework for the Early Years Foundation Stage, advice from the Department for Education on first aid in schools and health and safety in schools, and the following legislation:

- The Health and Safety (First Aid) Regulations 1981, which state that employers must provide

adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel.

- The Management of Health and Safety at Work Regulations 1992, which require employers to assess the risks to the health and safety of their employees.
- The Management of Health and Safety at Work Regulations 1999, which require employers to conduct risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training.
- The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013, which state that some accidents must be reported to the Health and Safety Executive (HSE) and set out the time for this and how long records of such accidents must be kept.
- Social Security (Claims and Payments) Regulations 1979, which set out rules on the retention of accident records.
- The Education (Independent School Standards) Regulations 2014, which require that suitable space be provided to cater for the medical and therapy needs of pupils.

3 Roles and responsibilities

Each school must have always at least one person with a current pediatrics first aid certificate on the school premises.

They are responsible for:

- Taking charge when someone is injured or becomes ill.
- Ensuring there is an adequate supply of medical materials in first aid kits and replenishing the contents of these kits.
- Ensuring that an ambulance or other professional medical help is summoned when appropriate.

First aiders are trained and qualified to conduct the role (see section 7) and are responsible for:

- Acting as first responders to any incidents; they will assess the situation where there is an

injured or ill person and provide immediate and appropriate treatment.

- Sending pupils home to recover, where necessary.
- Filling in an accident report on the same day, or as soon as is reasonably practicable, after an incident (see also the Health and Safety Policy for further information).
